Sex and the Shitty

-These Me-Too Ladies coming for you?

-Doubt it! I've always been about ninety-nine percent verbal!

-So very pussy! And probably proud of it!

-No choice. Natural timidity coupled with a love of words.

-Weak tea and stale cookies. The women must form an overwhelmed line!

-It...moves slowly.

-In the meantime, females all around you are exuding!

-Exuding?

-Someone must grab a sensitive part of their anatomy or they die!

-Goodness! But I myself would be embarrassed

to death to do such a thing!

-Where are the Men of Action?

-How about a nice poem?

-Cures no exuding!

-In the long run we can get around to that too!

-In the long run, people like you are killing the rest of us!

-Take a deep breath!
